An Update: Dated 22 July 2018 (2 weeks after the patio clean up)

The Rotary Club of Horbury and Ossett Phoenix work very closely with the Tree Wardens Voluntary Group and their Chairman Roger Parkinson, based at The Rose Garden Nursery, Thornes Park, and they have helped us a lot with our projects in the local community, including refurbishments and installation of benches, tree planting, bird boxes and other essential work.

After our Community Chair (Nick Bardsley) mentioned the work the Brickhouse Youth Club of Ossett had done for Pat Roberts at Croftlands (as seen here), Roger has sent us the 2 planters for the patio. We are sure Pat will enjoy sitting out and seeing the fantastic colours in the plants which will make a huge difference.
