Horbury's Carr Lodge Park is the latest location to benefit from a Phoenix Rotary Community Service project.

Work started on 9th March to tidy and enhance the area to the front of mansion house in Carr Lodge Park.

Work is to include: Removal of some old, non-productive, rose bushes the removal of a lot of overgrown ivy and plan, mark out and digging of flower bed/s which will, this year, for quick effect, be planted with annuals.

We will keep you up to date via photos posted below - keep coming back to see progress.

Here's a few hardy perennials at work! (click on them for a better view)
